TO WHOMSOEVER IT MAY CONCERN

This is to confirm that Mr. Manvendra Singh Chhajerh has stayed in Maheshwari Hostel for the period 2017 – 2020.

Apart from being good in academics, Manvendra has taken keen interest in various social activities of the Hostel.

1) He was part of the regular Swachh Bharat Abhiyan – a clean up drive conducted by the Hostel students every year in RR Nagar, Bengaluru. As part of this activity, the streets around the hostel are cleaned up and awareness on cleanliness and hygiene is created in the surrounding areas.

2) The Hostel conducts blood donation camp in association with Indian Red Cross Society every year. Manvendra was always enthusiastic in donating blood and mobilising more donors from the neighborhood by visiting other Housing Societies in the area to spread the word. These blood donation camps have always been very successful, thanks to such volunteering.

3) In March 2020, the students held a Clothes Donation Drive and Manvendra encouraged students and neighbors to contribute clothes which were then distributed to the needy.

Thus Manvendra has been one of the most active students from our hostel of which we are all proud.

We wish him the very best in the future.
